INDEX

	Pages
January	1-32
February	33-64
March	65-96
April	97-124
May	125-156
June	157-184

	Pages
July	185-216
August	217-248
September	249-280
October	281-312
November	313-344
December	345-376

Analysis of monthly rainfall totals representative of Kew, Surrey, from 1697 to 1970; B. G. Wales-Smith, 157

Assessment of convective development in the Singapore area; J. Konieczny, 57

Award of IMO Prize to Mr J. S. Sawyer; B. J. Mason, 346

Bailey, V., Smith, L. P. and Cochrane, J.; The estimation of wheat and barley acreages in England by reference to the weather of the previous summer, 265

Bannon, J. K.; Retirement of Mr J. H. Brazell, 90

Bannon, J. K.; Retirement of Mr J. Harding, O.B.E., 216

Barry, R. G. and Perry, A. H.; Recent temperature changes due to changes in the frequency and average temperature of weather types over the British Isles, 73

Baxter, S. H.; Some environmental problems of livestock housing (WMO Technical Note No. 122 (C. V. Smith), *review*, 341

Blackall, R. M.; Warming of the lower troposphere by the sea, 65, *correction*, 184

Blackwell, M. J. and Clarkson, L. S.; Rule for reading the rain measure, *reply to letter*, 95

Bleasdale, A.; Determination of the water equivalent of snow cover (L. K. Verzhinina and A. M. Dimakhsyan, editors), *review*, 370

Bleasdale, A.; Meteorological contributions to operational hydrological forecasting in the United Kingdom, 298

Booth, B. J.; A simplified snow predictor, 332

Borrett, P. D.; Meteorology and climatology for sixth forms and beyond (4th edn) (E. S. Gates), *review*, 277

Borrett, P. D.; Understanding lightning (M. A. Uman), *review*, 181

Bracknell Meteorological Office computer, 278

Bradbury, T. A. M.; Glider flight in the lower stratosphere above cumulonimbus clouds, 110, *correction* 248, *photograph facing* 110

Bridge, G. C.; A comparison of geostrophic and rocket winds at stratospheric levels, measured from a small network of rocket sounding stations, 205

British architects of the international meteorological system; D. G. Harley, 249

Broadbear, N. R.; *obituary*, 32

Brookes, H. T.; Halo display at RAF Gütersloh, *letter*, 279

Brown, R.; New indices to locate clear-air turbulence, 347

Carruthers, G. P., May, B. R., Miller, D. E., and Stewart, K. H.; Some current work on meteorological satellites, 258

Caton, P. G. F., and Jackson, F. C.; Some meteorological effects on gun and shell detonation noise at distances $\frac{1}{2}$ to $2\frac{1}{2}$ miles from source, 229

Clarkson, L. S.; Performance of a mast-top rain-gauge in the field, 82, *photographs between*, 80, 81

Clarkson, L. S. and Blackwell, M. J.; Rule for reading the rain measure, *reply to letter*, 95

Clear-air turbulence, 312

Cochrane, J., Smith, L. P. and Bailey, V.; The estimation of wheat and barley acreages in England by reference to the weather of the previous summer, 265

Coles, V. R.; Retirement of Mr T. N. S. Harrower, 63

Coles, V. R.; Retirement of Mr R. F. Zobel, O.B.E., 247

Colgate, M. G. and Hews, R. J.; Seasonal variations in the 500-mb monthly oscillation over the northern hemisphere, 86

Comparison of geostrophic and rocket winds at stratospheric levels, measured from a small network of rocket sounding stations; G. C. Bridge, 205

Conference on the observation and measurement of atmospheric pollution, 64

Cornford, S. G. and Spavins, C. S.; Some measurements of cumulonimbus tops in the pre-monsoon season in north-east India, 314

Cowler, E. G.; *obituary*, 215

Crabtree, J.; Review of forecast verification techniques, WMO Technical Note No. 120 (E. M. Dobryshman), *review*, 154

Craddock, J. M.; A plan for the determination of the large-scale weather patterns during the period 1493-1860, 217

Cyclonic-type rainfall and atmospheric mean-sea-level pressure over England and Wales; E. N. Lawrence, 51

Diurnal variation and duration of the sea-breeze at the National Observatory of Athens, Greece; J. D. Zambakas, 224

Dixon, R.; Special merit promotion to Senior Principal Scientific Officer, 279

Dutton, M. J.; Errors in 48-hour movement and development of computer-forecast 500-millibar troughs and ridges: American and British models compared, 97

- Earth Resources SKYLARK Scandinavian survey, 343
- Embedded thermometers and forecasts of night minimum temperatures at Wyton; W. G. Ritchie and S. E. Virgo, 179
- English, E. J.; An objective method of calculating areal rainfall, 292
- Errors in 48-hour movement and development of computer-forecast 500-millibar troughs and ridges: American and British models compared; M. J. Dutton, 97
- Estimation of wheat and barley acreages in England by reference to the weather of the previous summer; L. P. Smith, J. Cochrane and V. Bailey, 265
- Evaporation in the London area from 1698 to 1970; B. G. Wales-Smith, 281
- Example of extensive varied cirrus in the Austrian Tirol; E. N. Lawrence, 120, *photographs between* 110, 111
- Forecasting seasonal rainfall and temperature for England and Wales in spring and autumn from anomalous atmospheric circulation over the northern hemisphere; R. Murray, 15
- Fowler, W. G.; *obituary*, 64
- Girdwood, D.; *obituary*, 156
- Glider flight in the lower stratosphere above cumulonimbus clouds; T. A. M. Bradbury, 110, *correction* 248, *photograph facing* 110
- Gloyne, R. W.; The application of micro-meteorology to agricultural problems, WMO *Technical Note* No. 119 (L. P. Smith, editor), *review*, 183
- Gloyne, R. W.; The 'growing season' at Eskdalemuir Observatory, Dumfriesshire, 174
- Gloyne, R. W. and McKerrill, Elizabeth A.; Number of days of air frost in the winter months in Scotland in relation to the mean air temperature—on a period-average basis, and for individual years at selected stations, 272
- Groves (L. G.) Memorial Prizes and Awards; 92, *photographs between* 80, 81
- 'Growing season' at Eskdalemuir Observatory, Dumfriesshire; R. W. Gloyne, 174
- Halo display at RAF Gùtersloh, *letter from* H. T. Brookes, 279
- Harley, D. G.; British architects of the international meteorological system, 249
- Hawson, C. L.; SI units in the Meteorological Office, *letter*, 155
- Hay, R. F. M.; Weather forecasting for agriculture and industry (J. A. Taylor, editor), *review*, 310
- Healy, T. R.; Monthly mean wind patterns at 40 000 feet over Australia, 126
- Hews, R. J. and Colgate, M. G.; Seasonal variations in the 500-mb monthly oscillation over the northern hemisphere, 86
- High values of daily areal rainfall over England and Wales and synoptic patterns; E. N. Lawrence, 361
- History of Eskdalemuir Observatory, 123
- Hogg, W. H.; Environment and plant life (S. A. Searle), *review*, 372
- Holgate, H. T. D.; Rainfall forecasting for river authorities, 33
- Hoskin, D. R.; *obituary*, 156
- Howkins, G. A.; The Meteorological Office 360/195 computing system, 5, *photographs between* 16, 17
- Hydromagnetic waves on a beta-plane: a numerical study of the dispersion relationship; *official publication*, 32
- Investigation into a relationship between upper-air relative humidity and cloud cover; J. N. Ricketts, 146
- Jackson, F. C. and Caton, P. G. F.; Some meteorological effects on gun and shell detonation noise at distances $\frac{1}{2}$ to $2\frac{1}{2}$ miles from source, 229
- Jacobs, L.; A short history of the former homes of the Meteorological Office, 48, *photographs between* 48, 49
- Jenkinson, A. F.; Foundations of climatology (E. T. Stringer), *review*, 93
- Jenkinson, A. F.; Techniques of climatology (E. T. Stringer), *review*, 93
- Johnson, R. P.; *obituary*, 95
- Knighting, E.; An introduction to dynamic meteorology (J. R. Holton), *review*, 246
- Knighting, E.; Atmospheric energetics (J. van Mieghem), *review*, 367
- Knighting, E.; Introduction to the nonlinear theory of mesoscale meteorological processes (L. M. Gutzman), *review*, 366
- Knighting, E.; Weather forecasting as a problem in physics (A. S. Monin), *review*, 340
- Koniczny, J.; Assessment of convective development in the Singapore area, 57
- Lawrence, E. N.; An example of extensive varied cirrus in the Austrian Tirol; 120, *photographs between* 110, 111
- Lawrence, E. N.; Cyclonic-type rainfall and atmospheric mean-sea-level pressure over England and Wales, 51
- Lawrence, E. N.; High values of daily areal rainfall over England and Wales and synoptic patterns, 361
- Lewis, R. P. W. and Moore, J. G.; The probability of encountering radar weather-echo near Gan, 185
- Lumb, F. E.; Geography from space (E. C. Barrett), *review*, 123
- Lumb, F. E.; Upper tropospheric disturbances of the equatorial atmosphere and their influence on rainfall near the equator, 269
- McKerrill, Elizabeth A. and Gloyne, R. W.; Number of days of air frost in the winter months in Scotland in relation to the mean air temperature—on a period-average basis, and for individual years at selected stations, 272

- Mason, B. J.; Award of IMO Prize to Mr J. S. Sawyer, 346
- Mason, B. J.; Awarded C.B., 95
- Mason, B. J.; Retirement of Mr P. J. Meade, O.B.E., 313
- May, B. R., Carruthers, G. P., Miller, D. E. and Stewart, K. H.; Some current work on meteorological satellites, 258
- Meade, P. J.; Retirement of Mr V. R. Coles, 345
- Meaden, G. T.; Rule for reading the rain measure, *letter*, 94
- Measurement of the geoid, 342
- Meteorological Centenary, 342
- Meteorological contributions to operational hydrological forecasting in the United Kingdom; A. Bleasdale, 298
- Meteorological Office 360/195 computing system; G. A. Howkins, 5, *photographs between* 16, 17
- Miller, D. E., Carruthers, G. P., May, B. R. and Stewart, K. H.; Some current work on meteorological satellites, 258
- Monthly mean wind patterns at 40 000 feet over Australia; T. R. Healy, 126
- Moore, J. G. and Lewis, R. P. W.; The probability of encountering radar weather-echo near Gan, 185
- Murray, R.; Forecasting seasonal rainfall and temperature for England and Wales in spring and autumn from anomalous atmospheric circulation over the northern hemisphere, 15
- NASA launch satellite carrying Heriot-Watt University experiment, 91
- Negative surge warnings, 374
- New indices to locate clear-air turbulence; R. Brown, 347
- Noctilucent clouds over western Europe during 1972; J. Paton, 171
- Northern hemisphere monthly mean 500-millibar and 1000-500-millibar thickness charts and some derived statistics (1951-66); *official publication*, 31
- Note on accumulated rainfall deficit, 278
- Number of days of air frost in the winter months in Scotland in relation to the mean air temperature — on a period-average basis, and for individual years at selected stations; R. W. Gloyne and Elizabeth A. McKerrill, 272
- Numerical forecasting for the tropics, 374
- Objective method of calculating areal rainfall; E. J. English, 292
- Opening of the Richardson Wing by the Prime Minister, 1, *photographs between* 16, 17
- Painter, H. E.; The performance of wet-bulb thermometers in the Large Thermometer Screen, 212
- Parker, D. E.; Tropospheric winds and the occurrence of rainfall near the equator, 26
- Pasquill, F.; Turbulent diffusion in the environment (G. T. Csanady), *review*, 368
- Paton, J.; Noctilucent clouds over western Europe during 1972, 171
- Paton, J.; *obituary*, 375
- Performance of a mast-top rain-gauge in the field; L. S. Clarkson, 82, *photographs between* 80, 81
- Performance of wet-bulb thermometers in the Large Thermometer Screen; H. E. Painter, 212
- Perry, A. H. and Barry, R. G.; Recent temperature changes due to changes in the frequency and average temperature of weather types over the British Isles, 73
- Persistence of wet and dry spells in Sungai Buloh, Selangor; W. C. Yap, 240
- Pilsbury, R. K.; Awarded I.S.O., 95
- Pilsbury, R. K.; Clouds of the world (R. Scorer), *review*, 182
- Plan for the determination of the large-scale weather patterns during the period 1493-1860; J. M. Craddock, 217
- Probability of encountering radar weather-echo near Gan; J. G. Moore and R. P. W. Lewis, 185
- PUBLICATIONS RECEIVED
- Fog and road traffic (R. L. Moore and L. Cooper), 248
- Meteorologika* 18: Evaporation in Thessaloniki—Greece (G. C. Livadas and P. Chr. Machairas), 215
- Meteorologika* 19: Contribution to the study of warm invasions in Greece (A. A. Flocas), 215
- Meteorologika* 20: Contribution to the study of atmospheric refraction index and photogrammetric refraction in the area of Greece by means of meteorological data (E. N. Patmios), 215
- Meteorologika* 21: The cooling power in Thessaloniki—Greece (III) (Chr. J. Balafoutis and G. C. Livadas), 215
- Meteorologika* 22: Earth surface temperature, Part I. Bare-soil surface (G. C. Livadas and Y. A. Goutsidou), 215
- Readers' guide to books on geography, 2nd edn (The Library Association County Libraries Group), 248
- Radiation fog and stratus formation and fog clearance in terms of geostrophic wind — some applications of wind measurements on a high mast; W. E. Saunders, 140
- Rainfall forecasting for river authorities; H. T. D. Holgate, 33
- Ratcliffe, R. A. S.; Earth's voyage through time (D. Dinely), *review*, 369
- Ratcliffe, R. A. S.; Times of feast, times of famine: (a history of climate since the year 1000) (E. Le Roy Ladurie), *review*, 309
- Recent temperature changes due to changes in the frequency and average temperature of weather types over the British Isles; A. H. Perry and R. G. Barry, 73
- Remote Sensing Society — a major new scientific society to be formed, 344

RETIREMENTS

- Brazell, J. H., 90
- Coles, V. R. C., 345
- Harding, J., 216
- Harrower, T. N. S., 63
- Meade, P. J., 313
- Zobel, R. F., 247

REVIEWS

- Application of micrometeorology to agricultural problems, WMO Technical Note No. 119 (L. P. Smith, editor); review by R. W. Gloyne, 183
- Atmosphere-ocean interaction (E. B. Kraus); review by N. Thompson, 30
- Atmospheric energetics (J. van Mieghem); review by E. Knighting, 367
- Clouds of the world (R. Scorer); review by R. K. Pilsbury, 182
- Determination of the water equivalent of snow cover (L. K. Vershinina and A. M. Dimakhsyan, editors); review by A. Bleasdale, 370
- Earth's voyage through time (D. Dinely); review by R. A. S. Ratcliffe, 369
- Environment and plant life (S. A. Searle); review by W. H. Hogg, 372
- Foundations of climatology (E. T. Stringer); review by A. F. Jenkinson, 93
- Geography from space (E. C. Barrett); review by F. E. Lumb, 123
- Introduction to dynamic meteorology (J. R. Holton); review by E. Knighting, 246
- Introduction to the nonlinear theory of mesoscale meteorological processes (L. M. Gutman); review by E. Knighting, 366
- Meteorology and climatology for sixth forms and beyond, 4th edn (E. S. Gates); review by P. D. Borrett, 277
- Meteorology for seamen (C. R. Burgess); review by H. C. Shellard, 373
- Profiles of wind, temperature, and humidity over the Arabian Sea (F. I. Badgley C. A. Paulson and M. Miyake); review by H. C. Shellard, 121
- Review of forecast verification techniques, WMO Technical Note No. 120 (E. M. Dobryshman); review by J. Crabtree, 154
- Some environmental problems of livestock housing, WMO Technical Note No. 122 (C. V. Smith); review by S. H. Baxter, 341
- Techniques of climatology (E. T. Stringer); review by A. F. Jenkinson, 93
- Times of feast, times of famine: (a history of climate since the year 1000) (E. Le Roy Ladurie); review by R. A. S. Ratcliffe, 309
- Turbulent diffusion in the environment (G. T. Csanady); review by F. Pasquill, 368
- Understanding lightning (M. A. Uman); review by P. D. Borrett, 181

- Weather forecasting as a problem in physics (A. S. Monin); review by E. Knighting, 340
- Weather forecasting for agriculture and industry (J. A. Taylor, editor); review by R. F. M. Hay, 310

- Richardson Wing, 2, photographs between 16, 17
- Ricketts, J. N.; An investigation into a relationship between upper-air relative humidity and cloud cover, 146
- Ritchie, W. G. and Virgo, S. E.; Embedded thermometers and forecasts of night minimum temperatures at Wyton, 179
- Rowles, H. B.; Awarded I.S.O., 247
- Royal Society awards to the Director-General, 32
- Rule for reading the rain measure, letter from G. T. Meaden, 94
- Saunders, W. E.; Radiation fog and stratus formation and fog clearance in terms of geostrophic wind—some applications of wind measurements on a high mast, 140
- Seasonal variations in the 500-mb monthly oscillation over the northern hemisphere; M. G. Colgate and R. J. Hews, 86
- Shellard, H. C.; Meteorology for seamen (C. R. Burgess); review, 373
- Shellard, H. C.; Profiles of wind, temperature, and humidity over the Arabian Sea (F. I. Badgley, C. A. Paulson and M. Miyake); review, 121
- Short history of the former homes of the Meteorological Office; L. Jacobs, 48, photographs between 48, 49
- Simplified snow predictor; B. J. Booth, 332
- SI units in the Meteorological Office; letter from C. L. Hawson, 155
- Smith, J. M.; obituary, 312
- Smith, L. P., Cochrane, J. and Bailey, V.; The estimation of wheat and barley acreages in England by reference to the weather of the previous summer, 265
- Some current work on meteorological satellites; G. P. Carruthers, B. R. May, D. E. Miller and K. H. Stewart, 258
- Some measurements of cumulonimbus tops in the pre-monsoon season in north-east India; S. G. Cornford and C. S. Spavins, 314
- Some meteorological effects on gun and shell detonation noise at distances $\frac{1}{2}$ to $2\frac{1}{2}$ miles from source; F. C. Jackson and P. G. F. Caton, 229
- Spavins, C. S. and Cornford, S. G.; Some measurements of cumulonimbus tops in the pre-monsoon season in north-east India, 314
- Stewart, K. H., Carruthers, G. P., May, B. R. and Miller, D. E.; Some current work on meteorological satellites, 258
- Telemetering buoy, 278
- Thompson, N.; Atmosphere-ocean interaction (E. B. Kraus), review, 30
- Tropospheric winds and the occurrence of rainfall near the equator; D. E. Parker, 26

- Upper tropospheric disturbances of the equatorial atmosphere and their influence on rainfall near the equator; F. E. Lumb, 269
- Virgo, S. E. and Ritchie, W. G.; Embedded thermometers and forecasts of night minimum temperatures at Wyton, 179
- Visit to the Meteorological Office by His Royal Highness the Duke of Edinburgh, 125, *photographs between* 140, 141
- Wales-Smith, B. G.; An analysis of monthly rainfall totals representative of Kew, Surrey from 1697 to 1970, 157
- Wales-Smith, B. G.; Evaporation in the London area from 1698 to 1970, 281
- Warming of the lower troposphere by the sea; R. M. Blackall, 65, *correction* 184
- Yap, W. C.; The persistence of wet and dry spells in Sungei Buloh, Selangor, 240
- Zambakas, J. D.; The diurnal variation and duration of the sea-breeze at the National Observatory of Athens, Greece, 224
